FOR GOVERNOR.

Hon. James B. Garnett's Name
to be Presented.

He Announces That he is a Recept-
tive Candidate For The
Nomination.

Cerulean Springs, Ky., July 1.—
The name of the Hon. James B.
Garnett, of Trigg county, former
Commonwealth's Attorney of the
Third Judicial district, will be pre-
sented at the gubernatorial conven-
tion in Lexington July 19. Judge
Garnett is here from Hopkinsville
to spend a few days resting from
his labors during the term of the
Christian Circuit Court.

To a Courier-Journal representa-
tive he said: "I am in the hands
of my friends, though I am not an
announced candidate and shall not
make an active canvass for the
nomination. If the convention de-
termines I am the proper person to
make the race I shall accept the
honor with due appreciation. If
my own or any other county de-
sires to instruct for me I shall be
highly gratified. I was pressed by
friends while at the State Conven-
tion in Louisville to announce my-
self, and since that time I have re-
ceived many letters and personal
solicitations from Democrats of all
sorts and conditions promising me
their aid and votes. The office is
one to which any man is justified
as aspiring, and certainly my ap-
preciation would be deep and gen-
uine should the Democrats of Ken-
tucky see fit to honor me with it.
Personally I am for the man who
can win, whoever he may be. The
greatest care and wisdom should
be exercised in choosing our stand-
ard bearer, and the man selected
should be one who can best unite
the party and redeem the State.
If the convention names me it will
be my pleasure and duty to make
an active and vigorous canvass of
the entire State. That sort of a
campaign, upon a conservative
platform, will undoubtedly result
in the election of the Democratic
candidate."

Judge Garnett is a man of splen-
did physique and great magnetism,
and is in the very zenith of his fame
as a lawyer and orator. He was
Commonwealth's Attorney in this
district eighteen consecutive years,
and before that was a member of
State Senate. His entrance in the
race will change all slates in the
First district, "the Democratic
Gibraltar," and it is likely many
counties in the Second will instruct
for him.

HUNDREDS LOST

And \$10,000,000 Damage By
Fire In New York Harbor.

Four Big Steamships and Their
Piers destroyed—Dynamite
Used to Check the Blaze.

New York, June 30.—The
greatest calamity in the history of
this harbor occurred tonight, in-
volving a loss of over ten millions
and several hundred lives lost,
while the hospitals are full of in-
jured.

Four great piers of the North
German Lloyd line in Hoboken
burned this evening, also the steam-
ships Saale, Main, Bremen and
Phoenicia. Also Campbell's stor-
age warehouse, on the opposite side
of the street, five buildings, each
five stories high, and other struc-
tures.

The fire started in some cotton
bales on a pier and swept every-
thing for a third of a mile. The
steamship Kaiser Wilhelm Der
Grosse was badly burned. The
fire department and five boats were
helpless.

The greatest loss of life was on
the Main, which arrived to-day
Many passengers and all the crew
were still aboard. Nearly all were
lost.

The hotels as well as the hospi-
tals in Hoboken are filled with
the injured.

The water is strewn with bodies
for great distances. Thirty per-
sons under one pier went down to-
gether.

The fireman could not approach
the mountain of fire. The flames
seemed miles in length. All asis-
tance from both sides of the river
was helpless before the seething
flames. Scenes of the people at the
portholes of the burning vessels
were the most distressing ever
known.

It is impossible to estimate the
number burned and drowned.

A heavy wind was blowing and
the only way to stop the fire was
by using dynamite, blowing up
piers and everything within its
reach.

There were many distressing
scenes on the recovery of the
burned bodies tonight.

WAR IN CHINA.

German Minister Has Been As-
sinated.

The Allied Forces Ashore Now
Number About
14,900.

Shanghai, July 1.—The report of
the assassination of Baron Von Ket-
teler, the German Minister at Peking,
has been confirmed. All the lega-
tions were destroyed save three.
The remaining Ministers were safe
June 25, but Young Lu telegraphed
that he doubted if they could hold
out another twenty-four hours. Russia
takes a hopeful view of the situation,
and says the Boxer movement is not
growing, being confined to Pe Chi
Li province. Other reports are
that Prince Tuan is in control, and
that on June 30 he ordered the
Viceroy to attack the foreigners,
which order was not obeyed. The
total allied force ashore is 520 of-
ficers and 13,600 men.

An outbreak of Boxers is feared
at Canton and Chefoo. Nothing
has been heard from the column
which relieved Admiral Seymour
five days ago, and then marched
toward Peking. It is again charged
that barbarities practiced by the
Russian soldiers have greatly in-
jured the cause of the allies.

IS IT RIGHT?
For an Editor to recommend a Patent Medicine?

From Sylvan Valley News, Nevada, N.C.

It may be a question whether the editor of a newspaper has the right to recommend any of the various proprietary medicines which do the market, yet as a prescriber of suffering people we feel it our duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is waited. We do not believe in recommending implicitly on our medicine for Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack, much suffering might be avoided and many cases of the disease would be cured. At least this has been our experience during the past twenty years. Sold by R. C. Hardwick.

Advertising is a specific for the disease of bad business.

If so, you must not pass this warning as it is an indication of sickness and should be taken as our advice costs you nothing. Get Dr. Chamberlain's Colic, Cholera and Diarrhoea Remedy. Take one dose at bed time for a day or two, then follow by continuing the directions and after two weeks' protection you will be free of the disease. You will find the flowers look in the spring, they will find the flowers look in the spring. Prepare yourself for the full of germs. If necessary and when you are in a state of health, take one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy in stock and sold by.

BIG ENGINE IS SPEEDY.

Special Train of Colorado Excursionists Tests New Locomotive.

Railway men of all classes are watching with much interest the tests of the "1200 series" of engines of the Rock Island road, the largest running out of Chicago in passenger service. Engine No. 1201 was given its first severe test for power and speed last week. The patrons of the Rock Island's first excursion to Colorado occupied 14 of the largest and heaviest coaches. This was enough for two trains to be pulled by ordinary passenger engines of the day, considering the speed required. The big engine did all that was expected of it and more. Between Chicago and Rock Island it pulled that train of fourteen coaches with ease on schedule time, and when called on for a little extra effort developed a speed of over 72 miles an hour.

Engines of that class will haul all the special trains which will be used by the Rock Island in its series of Colorado excursions, at the rate of one fare plus \$2.00 for the round trip. Three more excursions will be given, leaving here July 9, July 17 and August 1. The departing time of the special trains will be 4:55 p. m., but on the dates named excursion tickets will also be honored on all regular trains. The special trains to be used are high class throughout. Through dining car service is provided and the run from Chicago to Colorado is made with only one night on the road. Excursion rates will be made to Colorado and Utah from all points on the line of the Rock Island and the Missouri River and Chicago.—Chicago Inter Ocean.

NO REMEDY EQUALS PERUNA, SO THE WOMEN ALL SAY

Miss Susan Wynar.

Miss Susan Wynar, teacher in the Richmond school, Chicago, Ill., writes the following letter to Dr. Hartman regarding Peruna. She says: "Only those who have suffered as I have, can know what a blessing it is to be able to find relief in Peruna. This has been my experience. A friend in need is a friend indeed, and every bottle of Peruna I ever bought proved a good friend to me."

Mrs. Margaretta Daubert, 1214 North Superior St., Racine City, Wis., writes: "I feel so well and good and happy now that I feel I cannot describe it. Peruna is everything to me. I have taken several bottles of Peruna for female complaint. I am in the change of life and it does me good." Peruna has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.

Mud Hen Eggs For Chicago.

Green river "hen fruit" will soon begin to make its appearance in Chicago. This is an Illinois product of which Chicagoans partake without knowing what they are eating. Green river "hen fruit" is the egg of a mud hen. Mud hen is the common name of the American cott, or Virginia rail, says a Chicago paper.

During the month of May is the busy season of the mud hen likewise of the individuals who make a living robbing her nest. The hens, in large numbers, frequent the marshes of the Green and Illinois rivers. They nest in reeds, on bunches of drift, in where they are easily found by egg hunters, who find a ready market in Chicago for all of their offerings. A Green river hunter last year gathered 1,000 dozen eggs in three weeks, clearing \$60 for his labor. The price last year netted six cents a dozen.

Nearly all of the eggs are taken in Bureau county. They are quoted in the same manner as the product of the barnyard fowl and are sold to restaurant men and confectioners. It is said to be an easy matter for an egg hunter acquainted with the habits and habits of the mud hen to take from 500 to 800 dozen eggs in a single season.—Kentucky State Democrat.

Writes From The Far Away Philippine Islands.

Now Stationed On An Island 500 Miles South Of Manila.

Palawog on Masbate Islands May 8, 1900.—It is now 8 p. m. and I have just finished another letter and will now start one to you but can not finish to-night as I want to write you a long letter. It won't leave for three days. As the gunboat "Helena" leaves then for Manila. We left Manila for this island on the transport "Indiana." We had on board one battalion of the 29th, companies A, B, C, and D. We made our first stop at Bataug and put off some rations for the 38th, who are stationed at that place; next we stopped at Boac on Maranguila Island, where we left Company A. Well when we came in sight of Boac we went in front of us the Helena and another small gunboat, which were with us and they cleared their decks for action if the "Niggers" fired on us while we were landing in small boats in shallow water, but the "Niggers" understood what a gunboat was and although we could see lots of soldiers with field glasses they scattered to the mountains and we landed and didn't fire a gun. We that is Co. D, started on a 15 mile march to another town and the whole distance was through a coconut grove and we came on the town and it was deserted. They had heard we were coming, so we took another town and didn't fire a gun. Such soldiering don't suit Co. D. So we left for the island of Masbate and here we landed after being out for Manila 10 days. We got here at daylight and ate breakfast on ship, and then commenced to land. This town seemed to have been a town of 1000 or 1200 people, but when we got in town there was only one man, and he was dead. We left the ship in small boats, as the water is shallow and the Indians and Helena could get no nearer than 500 yards to the beach. Co. D, was in the lead and the boats were pulled by a small steam launch, which pulled seven boats; our Col. (Hardin) took the Capt. of the Helena as we left if the Niggers fired on us to let them have a broadside. We could see the Niggers in a trench 200 yards long and some were in an old fort situated on a steep hill, not over 50 yards from the beach. We made for the beach right where the trench was, and when the Niggers fired a volley at us and how the water did splash around our boats, but they didn't touch a man. They can't shoot. Well when they fired you ought to have seen the Helena. It was a sight I will never forget. She was covered with smoke from her guns, she shot scrap and everything a cannon could shoot and that old fort looked like a country road and a cyclone. Dirt, rocks, etc. filled the air about this time we were jumping out of the small boats in water waist deep, and formed a skirmish line and made for the fort. The gunboat had stopped and you couldn't hear anything but our "Krag's" and the Niggers' Mausers and Remingtons; we ran them one and a half or two miles but could not catch them. They went to a town four miles away. I will stop for tonight as the men are making so much fuss. The caused by my aching head to spell "Krag." I wish you could see some of this spell it. Goodnight, will finish later.

May 9th 9:30 a. m. Good morning to you. I have just got out of drill one-half hour and am getting cold off so will finish telling you of this place. Well next morning after our "scrap," our 1st. Lieut. took a Sergeant and 30 men and went on a small gunboat (Baltimore) and we went to the city four miles, where the Niggers had fled, (Masbate) and when we came in sight they flew to their trenches and by the use of field glasses we concluded they had at least 300 men. So we thought best not to try to land, and we put two natives in a small boat and gave them a white flag and a letter, and asked them to surrender; they came back with a letter signed by 2nd Lieut. saying

ing wait a few moments and their Maj. would come on board as he was then back of the city; so we waited and in a short time down the beach came 3 officers mounted and followed by about 25 men with guns and 50 men with "Bolos," large knives similar to corn knives, and the officers got in a small boat and came to us; one was the Maj., one a Capt. and one a Lieut. Col. We expected to see wild looking black savages, we were fooled, for when the Maj. came up he was a big fine looking mulatto and he said "Good morning," in as good English as we use. But that was all the English he knew. They had on fine uniforms and fine pistols and swords and could speak fine Spanish and were evidently polished gentlemen. Well we brought the 3 officers here to talk the matter over with Col. Hardin and Maj. Case. They stayed all day and in the afternoon I was detailed with my squad to escort them back home which I did and we think some terms were agreed upon, as the next morning I was on out-post on a road leading to Masbate and at 6:30 p. m. came the Nigger Maj. and Lieut. Col. with a pass from our Col. So I came in with them and now they are away on a boat visiting several towns which are garrisoned by nigger soldiers and we think they will come to terms. They say they organized to defend themselves against Ladrones and Pinates, who infest these islands. Now I am through telling you of our "scrap." We will tell you of our quarters, etc. We (B. C. and D. Co's) are holding this town, which is situated on a fine bay and surrounded by mountains, and we can see one volcano at a distance of 6 or 8 miles; years ago the town was held by Spaniards and they built nice houses on the bay and we are quartered in these houses. The Spaniards were driven away by Ladrones and pirates and all these houses are filled with fine mahogany furniture. Some is as fine as I ever saw. Most of us have wardrobes and fine tables. The houses are made of mahogany, the floors are the most beautiful I ever saw and as smooth as glass. The plank are 2 1/2 feet wide and 25 and 30 feet long in the floors. We have one long table that is grand. It is 20 feet long and 48 in. wide. The top is made of one plank (mahogany) and the legs are beautiful. Lots of old logs are lying around the beach which have been squared and are 2 feet square and some are at least 50 feet long. I often think of Forbes & Bros., when I look at them. Now have told you all. We expect to be here 5 months and have rations for that time here. I have over my cot 2 bunches of bananas, 4 pine apples 6 coconuts and have 3 chickens staked under our house. All together cost me 50 cents. Got a friendly negro to get them for me. Our fare is not good now, as our rations are mostly tomatoes. We left several men in the hospitals at Manila and several are sick here, so our company is short of men and it makes our guard pretty heavy on us. I am real well and expect to be if care in eating fruit will make me so. Our water is bad, but soon the rainy season begins and then we can catch water off the roof and we will be O. K. in that line. We expect to get mail in a few days, as a boat will come bringing the officers horses.

All together cost me 50 cents. Got a friendly negro to get them for me. Our fare is not good now, as our rations are mostly tomatoes. We left several men in the hospitals at Manila and several are sick here, so our company is short of men and it makes our guard pretty heavy on us. I am real well and expect to be if care in eating fruit will make me so. Our water is bad, but soon the rainy season begins and then we can catch water off the roof and we will be O. K. in that line. We expect to get mail in a few days, as a boat will come bringing the officers horses.

What a Little Faith Did FOR MRS. ROCKWELL.

[LETTER TO MRS. ROCKWELL, No. 5834]

"I was a great sufferer from female weakness and had no strength. It was impossible for me to attend to my household duties. I had tried everything and many doctors, but found no relief."

"My sister advised me to try Lydia E. Pinkham's Vegetable Compound, which I did, and in a few days I felt better. I kept on with it and to my great surprise I am cured. All who suffer from female complaints should give it a trial."—Mrs. ROCKWELL, 230 S. DAVENPORT ST., GRAND RAPIDS, MICH.

From a Grateful Newark Woman.

"When I wrote to you I was very sick, had not been well for two years. The doctors did not seem to help me, and one said I could not live three months. I had womb trouble, falling, ulcers, kidney and bladder trouble. There seemed to be such a drawing and burning pain in my bowels that I could not sit anywhere. After using Lydia E. Pinkham's Vegetable Compound and Sanative Wash and following your advice, I feel well again and stronger than ever. My bowels feel as if they were over my head. With many thanks for your help, I remain, L. G., 74 ANN ST., NEWARK, N. J."

THOUSANDS OF PAPERS READ

The Ladies' Home Journal Has Almost Every American Publication.

There is, perhaps, but a single place in this country where almost all the newspapers of the United States are read. To the Exchange Bureau of The Ladies' Home Journal practically every paper in this country comes—an aggregate of nearly 9000. It is the rule to read each one within a day after it is received, so a large staff of trained readers is kept employed constantly. By this plan it is possible for the editors to keep in close touch with the reading public and accurately informed as to the topics that are uppermost in the public mind in every section of the country. In this reading, such selections are made as may be of the special immediate interest, as well as matter for future reference and notes that may serve as memoranda or suggest articles. Thousands of dollars a year are spent in this work alone, but Editor Bok regards it as a very profitable investment, as invaluable information is thus supplied that could be obtained in no other way.

North-western Drouth.
Winnipeg, Man., June 25.—Of 1,800,000 acres under wheat one million acres will never be cut. Rains can not now change a stunted crop six to eight inches high and a small head into a crop. Best authorities hope for good seed and feed, but this is doubtful. This was the hottest day of the year.

Late Turkeys.
There are at least some advantages in late turkeys. One is, there is less risk of lice, as the weather is usually warm and more settled and they can be given a freer run than the early hatched. Then they will need less feeding and will cost rather less to raise at least during the early stages of growth. Of course it will cost more to winter them but it is an exceptional case when after the holiday rush is over, turkeys are not advanced in price considerably, and they are fully as profitable on this account as the early hatched, and as turkey eggs are not usually sold in market it will be found a good plan to allow every turkey hen after she has laid a sufficient number of eggs, to set and hatch them out, taking care to give kind treatment as will maintain a steady growth and have ready for market in good season in the middle or latter part of winter.—Michigan Poultry Breeder.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic eczema—25 cts. per box. For sale by R. C. Hardwick.

This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered and who consequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that tired feeling. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and to establish that catarrh, cure is now possible. It is the most known of the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and restoring nature to do its work. The promoters have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. It is sold by all druggists. The H. J. Family pills are the best.

Not one word derogatory to Gov. Beckham has appeared in these columns since we began the work of trying to harmonize the two wings of the Democratic party, by pleading for a united party, and a nominee who can retrieve the losses of last year. We have merely asserted that he is in many respects lacking in the elements of strength necessary to win. In the same spirit of fairness to him, we want to discuss a moment the claim of his friends that he is the natural legatee of Gov. Goebel's organized following. This is as far from true as is the claim that harmony can be restored by the nomination of any man actively connected with either faction in 1899. Gov. Beckham did not take an active part in Goebel's canvass last year. It was gallant old Joe Blackburn who stood by Goebel's side when he fainted during his first speech and it was the same friend who was with him when the last of his one hundred speeches was made. It was Joe Blackburn's brother and Jas. D. Black who rode horseback with Goebel over the mountains and staid with him in the thickest of the fight. These friends of Goebel and such other friends as Hazelrigg, Young, Richardson, Desha, Woodson, James and Scott are all now for harmony and victory. This is the company we are in when we plead for a new leader.

Other circumstances go to show that Goebel's and Beckham's friends are not identical. Gov. Goebel's brother left Kentucky a week ago and is taking no part in Gov. Beckham's race. Nor has Gov. Beckham's cousin in hobnobbing and breaking bread with Charlie Bronston last week had a reassuring effect on those of Goebel's friends who may be supporting Beckham from personal reasons. But to bring the subject closer home. Five months ago Christian county had in the race for Prison Commissioner Mr. Geo. V. Green, a strong Goebel man, who was the personal choice of the dead Governor. He was opposed by a man who antagonized Goebel's nomination, and every vote from Gov. Beckham's district was cast against Green, who was finally nominated over the solid opposition of the Fourth district. Mr. Green's managers went to Gov. Beckham more than once and begged him for the dead Goebel's safe to control at least a part of the votes in his district, but he frankly confessed that he could not control the vote of even his law-partner, the Nelson county representative.

Christian county is under no obligations to Gov. Beckham and his friends of Mr. Green, who helped him win his fight without aid from Gov. Beckham, feel that this is a good time to remind Gov. Beckham that he has no right to claim the support of even Goebel's personal friends in Christian county.

Lige Seabree has expressed a willingness to run for Congress again in this district, as the Republican candidate. Unless something is done to handicap Henry Allen, the nomination sought will be a very empty honor.

Nearing Completion.

The work on the new fair grounds at Madisonville are nearing completion. The grounds are located within five blocks of the court house and are easy of access by several streets. The amphitheatre and grounds have been carefully planned and elaborately executed. The tract has been built according to the original plan and has a fine clay floor the entire length. Over \$15,000 has been expended on the grounds, which expenditure was made possible by the liberality of the giant coal companies of Hopkins county headed by John B. Atkinson, of the Reinecke Coal Co., Messrs C. C. Givens and H. H. Holeman have been continued for an indefinite period in their old positions as President and Secretary respectively. They have active management of the enterprise during the past ten years during which it has made such rapid strides in popular favor.

Kemp's Wild West Show will be the principal special attraction again this year. All indications point to a record breaking meeting this year, which begins July 31 and continues five days.

London newboys are now prohibited from yelling forth the contents of their wares.

Lawson Edmonds of Burlington, Ill., says he was cured of chronic asthma of long standing by FOLEY'S KIDNEY and BLADDER CURE. It gave positive relief in all cases of asthma, so this disease when not cured by cure is relieved of all its terrors by this great remedy. Take no substitute. Sold by Anderson & Fowler.

Even to the Chronic sufferer of long experience it may be a surprise to learn that one of the very oldest remedies in the point of view is still before the public in Mr. Stuart Robson. Long association with youthful force, health and vigor of his trials makes it difficult for us to realize that his public career extends over nearly half a century. Yet in the only number of Every body's Magazine appears the first installment of a series of articles by Mr. Robson in the nature of an auto-biography, and entitled "The Memories of Fifty Years."

Drummers for Bryan.

The directors of the Commercial Travelers' Anti-trust League, at a meeting held May 30 in New York City, adopted resolutions pledging their support to William J. Bryan and the Democratic ticket to be named at Kansas City.

"Whereas, It now appears certain that one of the principal planks in the Democratic platform which will be adopted at the Kansas City convention will declare in opposition to trusts and also that William Jennings Bryan who is in full sympathy with this league regarding the trust question will be the Democratic candidate for President; therefore be it

Resolved that the Commercial Travelers and Hotel men's anti-trust league pledge itself to use all its power in the aid of the election of the Democratic ticket to be nominated at Kansas City."

PROUD OF YOUR HAIR

There is a famous dramatic reader, who writes the following letter from his residence, 20 W. 14th Street, New York City. This talented and versatile young lady has made an enviable name for herself on the stage by her excellent work in support of some of the leading stars, besides being noted in literary and art circles as an adept with the pen and pencil. She is justly proud of her magnificent head of hair, which is shown to advantage in the accompanying photograph.

"Some time ago, when my hair was brushed, I noticed more and more the increase of hair left on the comb. My scalp became dry and my hair grew thin so rapidly that I had to change the style of wearing it. I then tried various hair tonics, the effect of which was to make my scalp exceedingly tender, and the hair itself and brittle when dry. I resolved to try Cuticura Soap. The comfort I experienced before I had given it a long trial was so great that I determined to continue it. Taking care to have the scalp warm, I would shampoo my head with a strong lather of Cuticura Soap, letting it remain for some time. I would then wash it off with warm water, and dry thoroughly. After a short time my hair began coming out, growing soft and silky to the touch. CUTICURA SOAP is marvellous, and I would not be without it for my toilet table."

SAVE YOUR HAIR with clumps of CUTICURA SOAP and light dressings of CUTICURA, purest of excellent hair cures. This treatment at once stops falling hair, removes crabs, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

MILLIONS OF WOMEN

Use CUTICURA SOAP exclusively for preserving, purifying, and beautifying the scalp, for cleansing the scalp of crabs, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and smoothing red, rough, and sore hands, for the removal of chaps for annoying irritations and chafes, or too free or offensive perspiration. In the form of washes for alleviating weaknesses, and for many other purposes which readily suggest themselves to women, and especially Mothers, and for the purpose of the toilet, bath, and nursery.

WARE'S SIDE.

Answer Filed To The Divorce Petition of Mrs. Ware.

Partial Victory for Ware In The Dismissal of the Attachments Except on His Real Estate.

The first legal bout in the Piner-Ware scandal Friday resulted in a partial victory for Ware. On the motion of Ware the attachment against the property, issued in the divorce suit brought by his wife, was dismissed except as to his real estate and \$2000 mill stock which was held to be sufficient for the purpose of the attachment. The court declined to enter into a consideration of any other feature of the case and it therefore goes over for trial at the regular September term.

Mr. Ware enters a general denial of the charges in his wife's petition. He denies that she was faithful and dutiful wife and that he abandoned her without cause, or that he falsely accused her of adultery. He charges that Dr. W. K. Piner called to see his wife the day of the shooting and says his visit may have been made under the cloak of religion, as he had frequently visited her before for improper and unlawful purposes, thereby causing

great distress of mind and breaking up his home. He denies that he was intoxicated and alleges that he was sober at the time of the shooting.

Says He Caught Them.

He says he entered his home on June 19 and noiselessly approached the parlor, and discovered Dr. Piner and his wife in the parlor in a compromising position. This so enraged him that he shot and wounded Piner. He denies that he has circulated malicious reports about Mrs. Ware, but says it is with sorrow and intense mortification that he alleges her to be guilty of very wrong and improper conduct in becoming so infatuated with Piner as to suffer him to lead her into indiscretion and cause her to prove untrue to her nuptial vows.

He denies that Piner is a man of high moral character. He says it is true he has treated him with kindness and courtesy, and was slow to believe even when rumor came that Piner was capable of "deluging his home with tears and sorrow and ruthlessly tearing asunder what God had joined together."

Intimacy Of Long Standing.

He says for months undue intimacy had existed between Dr. Piner and Mrs. Ware, and for six months past Piner had visited at his house on an average of three or four times a week, and generally when he was not at home. He charges that Mrs. Ware visited Piner in his study under such circumstances as to cause comment. And that, in speaking of Piner, Mrs. Ware used "endearing and affectionate terms."

He charges that Piner, by his pleasing manner and fascinating address, had stolen Mrs. Ware's heart and deprived her of the most precious jewel possessed by women. Only recently he learned of their relations.

He was loath to believe what he heard, but finally went to work to investigate. He convinced himself that the reports were true, and found many other evidences not here given.

His Tender Consideration.

He denies that his wife did not know of his disapproval of Piner's visits, and that he had treated

plaintiff with cruelty, and says she has lived in ease and luxury since her marriage, and that "not even the winds of summer were permitted to visit her face too roughly." He denies that he is an unfit person to have the custody of his children and alleges that she is not a proper person to have them in custody. He denies that his real estate is worth \$10,000 or that he is worth \$40,000.

A Bad Trade.

He says six years ago he deeded a residence, worth \$5,000, to his wife, the consideration being love and affection, and since she has proved false to him she has forfeited her right to the home.

He denies her right to alimony and that he would fraudulently make way with his property to escape a judgment. He makes a direct charge of adultery and says he shot Dr. Piner only after being thoroughly satisfied of his criminal relations with Mrs. Ware.

He prays for the dismissal of the attachment suit, and asks that the claim for alimony be disallowed and that he be granted a divorce on the ground of adultery.

The arguments on the motion to dismiss the attachments occupied the entire afternoon and the decision noted above was not rendered until late in the day.

Dr. Piner preached at the Methodist church on Sunday morning and evening to very large congregations.

COUNTY CALL.

Precinct Conventions Ordered For Saturday July 14, at 2 p. m.

At a meeting of the Democratic Executive Committee held in Frankfort, Ky., May 20, it was ordered that on Saturday, July 14, 1900, at 2 p. m., standard time, there shall be held in each of the voting precincts of all the counties of the State at the usual voting places, a precinct convention for the purpose of appointing delegates to the county convention to be held at the Court House, Monday, July 16, at 2 p. m., which county convention shall in turn appoint delegates to a State Convention to be held in Lexington, Ky., on Thursday, July 19, 1900, for the purpose of nominating a Democratic candidate for Governor.

ROYAL Baking Powder

Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.

The basis of representation for county delegates shall be one delegate for each two hundred votes, and fraction over one hundred cast for the head of the Democratic electoral ticket at the Presidential election in 1896.

All persons who will be legal voters in the State next November, who are devoted to the principles of the Democratic party, and desire to see these principles succeed, who by participating in the district and county convention will feel in honor bound to support the nominee of the Democratic party for Governor, are hereby invited to participate in said meetings.

## Gov. Beckham Should Withdraw.

Discussing the gubernatorial situation, Dr. John D. Woods editor of the Warren Courier says: "The question as to who shall be nominated for Governor by the Democratic Convention to assemble at Lexington on July 19 continues to excite serious discussion, and the feeling that the strongest man should be is steadily growing. The visit made a few days since by General Joseph H. Lewis developed the fact that the feeling in Western Kentucky was strong for that incorruptible old soldier and jurist, than whom no man in Kentucky ranks in all the virtues that pertain to an ideal candidate. Everywhere he appeared he was greeted with a welcome that plainly showed the hold he has upon the people's confidence and affections. The disposition to consider Governor Beckham the logical candidate has given way to the more important question. Who can unite the party and bring the most votes to the party in November, and while it may be that question is yet to answer it is clearly ascertained that Governor Beckham is not the man sought. It grows more and more apparent that it is to attempt the almost impossible to nominate him under the handicapped conditions that surround him. All over the State the demand for a man not hampered by objections from factions is growing, and Goebel Democrats as well as anti-Goebel Democrats are seeing to the dangers that lie in nominating any man of however great ability or purity of character who has been mixed up with any Democratic faction in the late unhappy campaign. With a candidate who has had no active connection with either the Goebel or anti-Goebel wing of the party and there is nothing more certain than that the Democrats will find the breach all closed, harmony in the ranks, and victory at the polls in November. Unity in the party and votes for the Democratic candidate are essential needs of the hour, and to secure these concessions to inexcusable demands should be the willing duty of every Democrat to assist in bringing about.

**GOEBEL ELECTION LAW.**

Kentucky Legislature Apt to Be Called Together to Amend it.

Lexington, Ky., June 26.—Gov. Beckham, ex-Senator Bronston, Judge Jere Morton, Judge Watts Parker, Col. John K. Allen, candidate for Congress in the Seventh district, Sheriff H. M. Bosworth, Howard McCorkle and Willa Wiley were entertained by Gen. W. H. Gentry tonight. The meeting took a political turn, the result of which, it is authoritatively stated, will be a call of an extra session of the legislature by Gov. Beckham to repeal the Goebel election law. Said advocates of the anti-Goebel wing, of which Bronston is a leader, is satisfied Beckham has been made to believe a continuance of the law will defeat the part in Kentucky. The tip is that Beckham will not wait for the Democratic convention here July 19 to act. Blackburn and McCreary, who were to be present, did not attend.

**Vacancies to Be Filled.**

Frankfort, Ky., June 29.—Gov. Beckham will in a few days issue writs of election for the filling of three vacancies in the Senate and one vacancy in the lower House of the Legislature. The elections will be held late in July or early in August. This action on the part of Gov. Beckham is taken as an unmistakable indication that the Governor intends to call an extra session of the Legislature some time in August or early in September to consider proposed modification of the Goebel election law and State matters.

Robert Noakes, a railroad man, now of Bristol, Tenn., is the name of the Goebel supporter for whom a warrant of arrest was issued yesterday. The requisition was made on the Governor of Tennessee instead of Virginia, and Deputy Sheriff Harod is now at Bristol. Kentucky formerly lived in Eastern Kentucky and it is said was here with the Harlan County men at the time of the assassination.

**BACK FROM ITALY.**

Mike Dattilo Marries And Returns With His Bride.

Mike Dattilo, who left this city a year ago for Italy, returned here Saturday night. He was accompanied by his bride, having married Miss Mary Lazzara in Sicily April 25 last. Jo Dattilo, who went to Italy last January on a visit also returned home, and Phillip Bova, a youth and brother-in-law of Charles Dattilo, accompanied the party to America and will make his home in this city. The party left sunny Italy June 9, sailing from the City of Naples, and were on the water eighteen days.

Miss Marie Rascoe, the 14-year-old daughter of Mr. M. A. Rascoe, of Roaring Springs, died Saturday night.

She had been an invalid since early childhood and had been a great sufferer. A few weeks ago an operation was performed on her hip joint and she never rallied from the shock.

The interment took place in the family burying ground.

**Pleasant Social Event.**

One of the most enjoyable social events of the past week was an entertainment given by Mr. and Mrs. R. S. Lindsay, at their pretty home near Pee Dee Friday night, complimentary to their son, Albert. About eighty persons were in attendance upon the delightful occasion and all had a most pleasant time. The invitations named the hours from 5 to 9 p. m., but it was near midnight when the crowd dispersed. Elegant refreshments were served during the evening.

**Sick With Fever.**

The many friends of Mr. G. Howard Stowe, of Julien, will learn with regret of his illness. Mr. Stowe has fever and while his condition is not now considered very dangerous it is feared that he will have a lengthy siege of it.

**SOME EXCESSIVE HEAT**

Promises This Month, With Light Rain Fall.

July weather is summoned up by Hicks as follows:  
Slightly cooler from 2nd to 5th. Much warmer from 6th to 8th, with general reaction to storm conditions. Cooler, with rising barometer from about 9th to 11th. Very warm weather will prevail from 12th to 15th, accompanied by thunder storms in most sections. Unsettled conditions will prevail up to 20th, but the rain-fall will not be heavy. From 20th to 22nd cooler weather is promised. Excessive heat is booked for 24th to about 28th. Temperature will continue high for balance of month, with threatening clouds, but not much rain will fall.

**OLD GRUDGE**

Causes Fatal Shooting of L. & N. Brakeman.

Will Dicken, an L. & N. freight brakeman on the Henderson division, and Walter Deshon, a brakeman of the same crew, engaged in a personal encounter at Guthrie last Thursday afternoon, with the result that the latter was shot in the bowels and perhaps fatally wounded. It is said that the row was the result of an old grudge. Dicken is a young man who lives in Nashville, and Deshon is a man of family. The latter lives in Earlington. Deshon was taken to his home the same night, but it is not believed that he can recover. Dicken had not been arrested at last accounts.

**SEVERAL HUNDRED**

People Attended The Opening Ball At Cerulean.

The opening ball at Cerulean last Thursday night was largely attended and proved a most pleasant event in every particular. There were nearly three hundred people present on the delightful occasion and dancing was indulged in until a late hour. A sumptuous supper was served and greatly enjoyed by all. This delightful summer resort starts out with every indication of a most prosperous season. A large number of Hopkinsville people are now at Cerulean and many will remain throughout the summer months.

**HAD NO ENEMIES.**

But Was Found Murdered on Public Highway.

John Cooley, of Mitchellsburg, a cousin of Messrs. J. W. and L. C. Cooley, of this city, was found dead on the roadside near his home last Thursday morning with a bullet hole in his forehead. Who fired the shot is unknown, and Sheriff Coulter is now searching for a clew to the murderer. Cooley was a married man of family, and, so far as known, had no enemies. He was employed in a saw mill.

**REV. ROBERTS RESIGNS.**

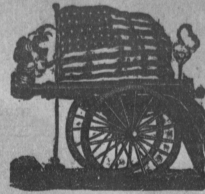

But Church Will Make Effort to Retain Him.

Rev. Arthur Roberts has tendered his resignation as pastor of the Universalist church in this city to take effect in the fall. Rev. Roberts has been in charge of the church for three years and has made many friends who would regret to see him leave. It is understood that a large church in Kansas City desires his services, but a great effort will be made to have him remain here. His church has granted him a month's vacation.

**Broke the Record.**

An alarm of fire was sounded at 1:30 o'clock Friday and the fire department broke all records in getting out. In one minute the hose cart was out and headed toward the fire. It was at J. B. Rogers', on South Virginia street, and the small blaze did but little damage.

We are the acknowledged hatters of this city, and we say without fear of success or contradiction that we sell more hats than any two stores in Hopkinsville. Our stock embraces all the late shapes and styles. Light colors in Alpines, Crushers and full shapes. By reason of the extreme rainy weather for the past 30 days, we have more straw hats on hand than we ever had at this season of the year, so we have to put the knife into them and you get the benefit.
